

Matrix® GH315

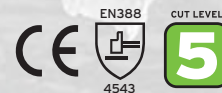

The Matrix® GH315 is a seamless knitted high cut resistant liner with a polyurethane palm coating offering outstanding protection. The Matrix® GH315 attains maximum EN388 scores for abrasion, cut and tear resistance providing an excellent level of protection. The polyurethane palm coating is incredibly resilient and flexible, allowing it to adapt to the hand's movements and making it extremely tactile. It is anatomically shaped reducing hand fatigue and highly resistant to harsh oils and chemicals. The close fitting seamless liner is breathable and offers great dexterity, it extends to form an elasticated knit wrist, which ensures a secure fit and keeps the hands free from dust and debris. The Matrix® GH315 has a high degree of functionality with optimum comfort, making it suitable for use in many applications.
